

Indiana Jones

wrapped into kissing
in some clip
½ seen. Kissing

is not fleeing
1000 Nazis intent
on ravaging

your non-sexual ass.
Achieves smarmy art
form in Chick Flicks.

Should be banned
for adventure films.
Just a sop to ladies.

& mistaken one. They
desire the breakneck

race to blood, guts,
thunder as much.

More? Revenge
for dolls?
